

Trust the Experts. Get the Facts.

It's normal to have questions about COVID-19 vaccines.

But it can be hard to sort out what's fact from fiction, especially online. To help you make an informed decision about getting yourself or a family member vaccinated, talk to a doctor, pharmacist, or visit your neighborhood clinic. They can answer your questions and help you decide what is best for you and your health.

Other places you can call or visit to get the facts about COVID-19 vaccines include:

-  To learn more about Island County resources for questions related to COVID-19, including which vaccine sites are nearest to you, visit www.islandcountywa.gov/Health/Pages/COVID-19.aspx
-  For the latest facts about the COVID-19 vaccines, visit the Washington State Department of Health at www.doh.wa.gov/vaccinefacts
-  **COVID Call Center:** (360) 678-2301 | M-F, 8:00am – 4:30pm
24 Hour Recorded Line: (360) 678-5111 x6000
-  @ICPubHealth
-  Island County
